

As a member, RS Cannery Company Limited (RS) strongly supports all initiatives undertaken by ISSF. In compliance with ISSF Conservative Measurement 2.4, RS has committed to report the amount of fish we source from following categories.

Purchasing percentage by Fishery Source categories

For tuna sourced during Q4 2021 – Q3 2022, 3.4% was from MSC certified fisheries and 24.4% was from Comprehensive FIPs scoring A, B or C. Balance 72.2% was from non-MSC and non-FIP fisheries.

Purchasing percentage by Supplier Source categories

100% of the tuna sourced during Q4 2021 – Q3 2022 were from None of the above.

RS Cannery has made it a priority to reduce its purchase from “None of the above” in both categories.
