

ISSF CM2.5 – Transparency in reporting progress against ISSF five-year goal

As a member, RS Cannery strongly supports all initiatives undertaken by ISSF. In compliance with ISSF Conservative Measurement 2.5, the company has committed to report the amount of fish we source from for the period of Q1-Q4 2025 as follows.

Purchasing percentage by fishery source categories	
i. Fisheries certified by the MSC	60.60%
ii. Fisheries that have entered full assessment for MSC certification	-
iii. Fisheries in the MSC improvement program	-
iv. Comprehensive FIPs that have been publicly listed and have achieved progress within at least the past 24 months; or are in their initial year of listing	25.57%
v. Comprehensive FIPs that have been publicly listed but have not achieved progress in the prior 24 months	-
vi. None of the above	13.83%

Purchasing percentage by supplier source categories	
i. ISSF participating companies	-
ii. Data Check companies designated by ISSF	1.28%
iii. Direct from vessels	-
iv. None of the above	98.72%

RS Cannery has also set a five-year goal to increase the purchase from MSC certified fisheries and Comprehensive FIP fisheries by around 5% each category. Moreover, as another five-year goal, the company intends to increase the percentage to 5% or at least maintain at 1% for the purchase from ISSF participating companies and/or Data Check companies.

In addition to the aforementioned goals, within five years, the company aims to decrease the sourcing from None-of-the-above in both fishery source and supplier source categories by around 5% and 2% respectively.
